EXCAVATION PERMIT

DATE: _____

FEE: \$15.00

Permit Granted To: _____

Location of Work: _____

Idaho Code, Chapter 22, Section 55-2207, states the duties of a public agency issuing excavation permits.

(1) Any public agency issuing permits authorizing excavation operations shall notify persons seeking such permits of the existence of this chapter and the one-call locator service telephone number.

(2) A permit shall not be valid for excavation until or unless the notice provisions of this section have been complied with. (1991).

Repair of the cut shall be made by Applicant and at Applicant's expense according to the specifications of the City of Weiser. Pavement cuts shall be made with a jack hammer or asphalt saw. Materials shall be removed from the site unless approved as fill by the City of Weiser Street Foreman. Trenches shall be backfilled in lifts of six inches (6) with material approved by the City Street Foreman and compacted to 95 percent optimum compaction. The top eight (8) inches shall be ¾ inch road mix gravel. Compaction shall be approved by the City Street Foreman prior to resurfacing with materials approved by the Foreman. Any questions, please contact City Street Foreman at (208) 550-0302.

Repair must be completed within seven (7) days unless the City Street Foreman gives written authorization to extend the time.

Notes:

VIOLATIONS OF THIS PERMIT SHALL CONSTITUTE A MISDEMANOR
